Profile

An Information Systems student with a strong blend of creative design, user interface optimization, and logical web development. Proven track record in leading large-scale event operations, managing cross-institutional public relations, and executing high-impact visual branding. Passionate about bridging the gap between functional application logic and intuitive user experiences.

Education

Tarumanagara University, Bachelor's Degree in Information Systems (2024 - Present)

Projects and Competition

KayuKita - UI/UX Design Project | Local Tech Battle 2026

- Designed an e-commerce and educational mobile platform aimed at empowering local woodcraft UMKMs by bridging them with modern digital markets.
- Conducted comprehensive user research and created high-fidelity interactive prototypes on Figma.
- Mapped intuitive user flows for three core specialized features: "Tau Kayu" (educational hub), "Cari Kayu" (smart marketplace), and "Buat Kayu" (custom order system).

Moodal – UI/UX Design Project | TechSprint Innovation Competition 2026 & Bizznovation 2026

- Conceptualized an AI-powered financial management and strategic planning platform tailored for business owners to monitor enterprise financial health.
- Executed the full UI/UX lifecycle on Figma, including low-to-high fidelity wireframing, building a cohesive design system, and creating complex micro-interactions for business health score tracking and AI-driven business strategy dashboards.

EcoStep – UI/UX Design Concept | PKM-GFT (Gagasan Futuristik Tertulis) Proposal 2026

- Formulated a futuristic waste management ecosystem app designed to gamify and incentivize eco-friendly habits among urban citizens.
- Designed an intuitive user interface from scratch, focusing on seamless user tracking workflows, interactive reward dashboards, and a gamified leveling system.

Peonies Studio – Frontend Web Development | Academic Project (2025)

- Developed a pixel-perfect, fully responsive yoga class booking web platform replica to master advanced layout styling and grid structures.
- Wrote clean, semantic HTML and CSS from scratch to mirror complex navigational elements, interactive hover effects, and strict visual alignments.

Organizational Experience

UNTAR COMPUTER CLUB DEVELOPMENT

Head of Creative Design *July 2025 - Present*

- Developed and implemented the brand guideline using Figma, establishing a cohesive visual identity that standardized content across all media platforms.
- Designed engaging social media content, improving the organization's professional aesthetic and messaging consistency.

BEM FTI UNTAR

July 2025 - July 2026

Vice Coordinator of Administration & Registration – I/O Festival 2026

- Managed end-to-end registration operations, successfully onboarding and database-tracking over 337 student and high school teams.
- Acted as the primary liaison for external media partnerships and handled direct public relations for multi-category competitions.
- Spearheaded social media content curation, utilizing Figma to design specialized Reels covers and interactive Story templates that boosted digital engagement.

Coordinator of Safety & Registration – Informatics Exhibition 2026

- Spearheaded participant acquisition strategies, successfully securing 216+ talkshow attendees and 100+ workshop participants.
- Navigated university bureaucracy to manage on-campus videotron media allocation and technical assets.
- Formulated comprehensive event execution timelines and division workflows to ensure seamless, safe participant crowd-control.

Creative & Production Logistics – Various Events (2025 – 2026)

- **Studi Banding 2026:** Designed the creative grand design and visual guidelines for the cross-institutional visitation program while coordinating milestones with UNSIKA representatives.
- **Desa Binaan 2026**: Supervised the creative team, enforced strict production deadlines for layout content, and drafted official event proposals.

Soft-Skill: Communication, Public Speaking & PR, Team Coordination, Event Planning, Detail-Oriented, Problem Solving, Cross-functional Leadership , Crisis Management, Strategic Project Timeline Planning.

Tools: Ms. Office (Word, Excel, PowerPoint), Google Workspace (Google Docs, Google Sheets, Google Slide, Google Meet, Google Form), Zoom, Draw.io, Canva, Figma, Adobe Photoshop (basic), HTML, CSS, PHP, Java Springboot

Hard Skill: UI/UX Design, Wireframing & Prototyping, Brand Guideline Development, Frontend Web Development.

Laguage: Indonesian (Fluent/Native), English (Intermediate)
